Key Features :

- Non-Metallic
- Ergonomic
- Stackable
- Seatbelt
- Multi colors
- Storage
- Rust proof
- Waterproof
- Antimicrobial

Key Benefits :

Comfort:

Safety seatbelts and ergonomic design provide stability and support for enhanced patient experience.

Hygiene:

Antimicrobial coating guarantees a clean environment, while eco-friendly materials simplify maintenance.

Convenience:

Retractable features and space-saving design optimize storage and patient transfer efficiency.

Advanced Antimicrobial Technology :

Benefits of Biomaster Antimicrobial Integration in Jetweels:

- **Superior Protection:** Eliminates up to %99.99 of harmful bacteria (e.g., E. coli, Salmonella, Listeria, MRSA).
- **Lifetime Durability:** Embedded antimicrobial properties ensure long-term, wash-resistant protection.
- **Heat Resilience:** Effective even at manufacturing temperatures up to °600C.
- **Regulatory Compliance:** Meets global standards (BPR, FDA, EPA) for safety and market readiness.
- **Effortless Integration:** Maintains product aesthetics and structure during manufacturing.
- **Proven Efficacy:** ISO 22196:2011 certified for measurable antimicrobial performance.
- **Enhanced Hygiene:** Ideal for hygiene-critical applications, boosting trust and satisfaction.

Biomaster strengthens Jetweels' commitment to quality, durability, and innovation.

Vibrant Color Options :

Available in 10 lively colors to brighten up any facility, moving away from the traditional and somber appearance of metal wheelchairs.

Customized Logos :

Elevate your brand with our cutting-edge seating and advertising platform.

Innovative Design Elements :

Enhanced Stability: Jetweels ensures steady movement on all medical facility terrains, thanks to strategic weight distribution.

Superior Maneuverability: With eight radial ball bearings, Jetweels glide effortlessly through facilities.

Streamlined Storage Solution :

Nesting minimizes storage needs, allowing 1-2 people to move 15-20 chairs at once, conserving space and improving efficiency.

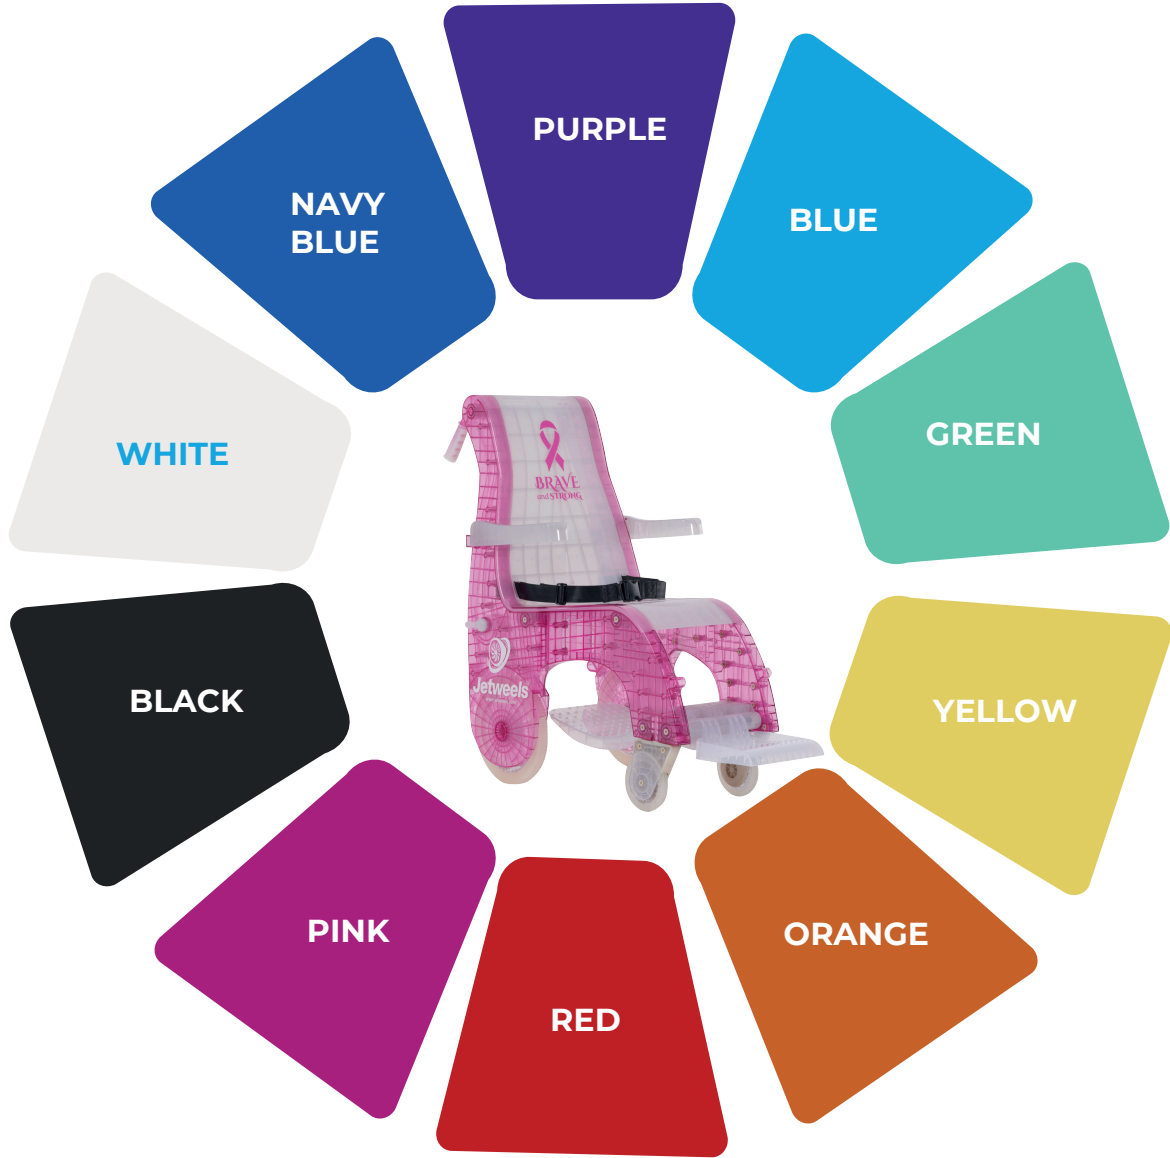

This innovative chair supports showering, MRI rooms, and nuclear medicine facilities, offering a seamless experience for various medical procedures

Available in 10 colors:
